## Weighing Teams — Your growth GPS

<ul> <li>Select 2-4 pens in the section (8-10 % of the pigs in the section). The pigs should not be the biggest nor the smallest</li> <li>Weigh them once a week. Same day and always same time of day</li> <li>Note any taken action in the logbook, e.g. treatments, change in feed, if the feeder runs empty, etc.</li> </ul>									
Pen number					G	Gender			
Date of arrival					A	Average age at arrival			
Date	Days since arrival	Number of pigs in pen	Average weight of the pigs, kg	ADG sin last weighin kg/day			Days since arrival	Logbook
